Historic Reproductions

Measuring Guide

- A. Neck: Measure the circumference of your neck at the base.
- B. Torso: Measure the length of your torso from the base of your neck to just below your naval/waistline. If you desire a coat to made longer than this, provide the length you would like it to be made to.
- C. Chest: Measure the circumference of your chest around the widest part under your arms.
- D. Waist: Measure the circumference of your waist at the naval.
- E. Inseam: Measure the length of your inseam from the groin to the ankle.
- F. Sleeve: Measure the length of your arm from the tip of your shoulder to the base of your thumb.
- G. Skirt length: Measure from the bottom point of your torso measurement to the point on your leg you would like the coat skirt to extend to.
- H. Height: Your overall height in feet/inches.
